... = data not available; | = marks break in series; 0 or 0.0 = magnitude is less than half of the unit employed; - = magnitude equals zero; * = provisional, preliminary, estimate; \$ = United States dollars; cif = cost, insurance, and freight; fob = free on board;

GDP = gross domestic product; GNI = gross national income; IMF = International Monetary Fund; km² = square kilometer; kWh = kilowatt-hour; L = liter; m³ = cubic meters; NPISHs = nonprofit institutions serving households; SDRs = special drawing rights; SUM = sum; t = metric ton.

Uzbekistan

- a Data on population density and urban population (% of total population) refer to beginning-of-the-year estimates.
- b Refers to the sum of the employed and the unemployed, where “unemployed” refers to those officially registered as unemployed at the end of the period, while “employed” is the average of the period.
- c For 2017 onward, data are in line with the International Labour Organization’s standards adopted at the 19th International Conference of Labour Statisticians.
- d Includes those employed in their own household and/or undertaking farm work, directly engaged in livestock raising, and production and sale of livestock products and other agricultural products.
- e Included in manufacturing.
- f For 2000–2009, includes mining and quarrying; electricity, gas, steam, and air-conditioning supply; sewerage, waste management, and remediation activities; and construction. For 2010 onward, includes mining and quarrying; and electricity, gas, steam, and air-conditioning supply; sewerage, waste management, and remediation activities.
- g For 2000–2009, included in manufacturing.
- h For 2000–2009, included in other services.
- i For 2000–2009 and 2020–2021, included in other services.
- j For 2000–2012 and 2020–2021, included in other services.
- k For 2000–2009, includes wholesale and retail trade; repair of motor vehicles and motorcycles; transportation and storage; accommodation and food service activities; communication; financial and insurance activities; and real estate activities. For 2010–2012, includes real estate activities. For 2020–2021, includes accommodation and food service activities; communication; financial and insurance activities; and real estate activities.
- l Refers to time-related underemployment estimates as modeled by the International Labour Organization.
- m Refers to officially registered as unemployed only at the end of the period.
- n The ratio of the economically active population to the working-age population.
- o For 2010 onward, data may not be comparable with data prior to 2010 due to improvements in methodology in accordance with international standards.
- p For 2000–2009, included in manufacturing.
- q For 2000–2009, includes mining and quarrying; electricity, gas, steam, and air-conditioning supply; and water supply; sewerage, waste management, and remediation activities.
- r For 2000–2009, data refer to wholesale and retail trade; repair of motor vehicles and motorcycles; and accommodation and food service activities.
- s For 2000–2009, data refer to transportation and storage, and information and communication.
- t For 2000–2009, included in wholesale and retail trade; repair of motor vehicles and motorcycles.
- u For 2000–2009, included in transportation and storage.
- v For 2000–2009, included in public administration and defense; compulsory social security.
- w For 2000–2009, includes financial and insurance activities; real estate activities; professional, scientific, and technical activities; administrative and support service activities; education; human health and social work activities; arts, entertainment, and recreation; and other service activities.
- x For 2000–2009, includes NPISHs final consumption.
- y For 2000–2009, included in household final consumption.
- z Includes NPISHs.
- aa Derived from balance-of-payments data.
- ab Refers to net agricultural production index.
- ac Prior to 2016, values were calculated based on the variable weights method. For 2016 onward, values are calculated based on the fixed weights method.
- ad For 2003–2015, the calculation for the consumer price index includes weights in horticulture goods. The classification of individual consumption by purpose is derived using simple averages for those with further breakdown on classification or grouping.
- ae For 2021, the consumer price index commodity grouping is based on the 2018 Classification of Individual Consumption According to Purpose.
- af For 2021, refers to alcoholic drinks and tobacco products.
- ag Prior to 2006, petroleum fuels are included in the personal transport group. For 2006–2013, petroleum fuels are included in automobile fuels. For 2014 onward, automobile fuels include propane and methane. For 2021, refers to “Housing services, water, electricity, gas, and other fuels”.
- ah For 2021, refers to household items, appliances, and routine home maintenance.
- ai For 2021, refers to health care.
- aj For 2000–2020, excludes cultural institution services. For 2021, refers to leisure, sports, and culture.
- ak For 2021, refers to services in the field of education.
- al For 2021, refers to restaurants and hotel services.
- am For 2021, refers to household goods and services, social protection, and miscellaneous goods and services.
- an Prior to 2017, the producer price index was determined by the structure of the national classification economy system (OKOHX). For 2017 onward, the national classification of economic activities (OKED-2) is based on the Statistical Classification of Economic Activities in the European Community (NACE Rev.2).
- ao For 2000–2012, combined with claims on private sector.
- ap For 2000–2012, includes claims on other financial corporations.
- aq In this context, the term “broad money liabilities” refers to broad money aggregate M2.
- ar For 2000–2012, refers to demand deposits.
- as For 2000–2012, refers to quasi-money.
- at Weighted average interest rates on all time household deposits.
- au Refers to time deposits from 91 to 180 days.
- av Refers to time deposits from 181 to 365 days.
- aw For 2000–2009, data were compiled based on the IMF’s Balance of Payments Manual (fourth edition). For 2010 onward, data are based on the IMF’s Balance of Payments and International Investment Position Manual (sixth edition).

Uzbekistan

- ax Prior to 2003, refers to net services only.
 ay For 2000–2009, refers to net transfers.
 az For 2003–2009, refers to capital transfers. For 2010 onward, excludes reserve assets.
 ba For 2003–2009, includes portfolio investment.
 bb For 2000–2009, included in direct investment.
 bc For 2003–2009, refers to net loans and capital and statistical discrepancy, and includes net errors and omissions.
 bd For 2000–2009, included in other investment.
 be Refers to gross official reserves.
 bf From 2002 until October 2003, dual exchange rates were in operation. Data show weighted averages of the official, bank, and parallel market rates.
