Notes:

1. The figures indicate the number of sovereign operations in the country that have been validated or evaluated by the Independent Evaluation Department and their overall performance ratings. The coverage consists of all validated or evaluated project completion reports completed within the 10-year period from 1 July 2013 to 30 June 2023. All 22 COVID-19 Pandemic Response Option (CRPOs) validated since 2022 are excluded from the analysis of sovereign project success rates—because of the special nature of CPRPOs, ADB designed a set of guidelines to review them.

2. Percentages may not sum precisely because of rounding.

^a ADB placed its regular assistance to Afghanistan on hold effective 15 August 2021, but since 2022 has supported the Afghan people through a special arrangement with the United Nations to address basic human needs, including critical food support, and health and education services.

^b Effective 1 February 2021, ADB placed a temporary hold on sovereign project disbursements and new contracts in Myanmar. In 2023, ADB committed a special financing arrangement of \$26 million to provide humanitarian support to the people of Myanmar.

^c Comprises projects and programs in the Cook Islands, the Federated States of Micronesia, Fiji, Kiribati, the Marshall Islands, Nauru, Palau, Papua New Guinea, Samoa, Solomon Islands, Tonga, Tuvalu, and Vanuatu.
