... = data not available; | = marks break in series; - = magnitude equals zero; (-/+) 0 or 0.0 = magnitude is less than half of the unit employed; * = provisional, preliminary, estimate; \$ = United States dollars; AMD = dram; cif = cost, insurance, and freight; fob = free on board; GDP = gross domestic product; GNI = gross national income; IMF = International Monetary Fund; km² = square kilometer; kWh = kilowatt-hour; L = liter; m³ = cubic meter; NPISHs = nonprofit institutions serving households; SDRs = special drawing rights; t = metric ton.

- a For 2001–2011, population data were reestimated based on the results of the 2011 Population and Housing Census, according to which the rest of the demographic indicators were recalculated. For 2012–2022, estimates are derived from the current registration based on the Republic of Armenia 2011 Population Census. For 2023–2024, estimates are derived from the current registration based on the Republic of Armenia 2022 Population Census.
- b For 2000–2007, labor force covers the population aged 16 years and older. For 2008–2017, labor force covers the population aged 15–74 years. For 2018 onward, labor force covers the population aged 15–74 years.
- c For 2002–2007, estimates are recalculated based on the results of the Population Census 2001. For 2008–2013, data on employment and unemployment are based on the annual Household Integrated Living Conditions Survey. For 2014 onward, data are based on the annual Labor Force Survey. From 2018 onward, the concepts defined in the 19th International Conference of Labour Statisticians were adopted in the Labor Force Survey, and therefore these figures are not directly comparable with data in prior years.
- d Prior to 2010, data for economic activities are based on Nomenclature Statistique des Activités économiques dans la Communauté Européenne, Rev. 1. For 2010 onward, data are based on Nomenclature Statistique des Activités économiques dans la Communauté Européenne, Rev. 2.
- e For 2000–2001, data refer to wholesale and retail trade, repair of motor vehicles and motorcycles; and accommodation and food service activities.
- f For 2000–2009, data refer to transportation and storage; and information and communication.
- g For 2000–2001, combined with wholesale and retail trade; repair of motor vehicles and motorcycles.
- h For 2000–2009, combined with transportation and storage.
- i Prior to 2010, includes public administration; education; health and social work; and community, social, and personal service activities. For 2010–2017, includes professional, scientific, and technical activities; administrative and support service activities; public administration and defense; compulsory social security; human health and social work activities; education; arts, entertainment, and recreation; other service activities; activities of households as employers; undifferentiated goods- and services-producing activities of households for own use; and activities of extraterritorial organizations and bodies. For 2018 onward, includes professional, scientific, and technical activities; administrative and support service activities; public administration and defense; compulsory social security; human health and social work activities; education; arts, entertainment, and recreation; other service activities; activities of households as employers; and activities of extraterritorial organizations and bodies.
- j Refers to time-related underemployed persons or employed persons who worked less hours than the standard threshold because they could not find a full-time job or were transferred to a part-time job by their employer, but are willing and available to work more hours.
- k Prior to 2008, based on officially registered unemployed only.
- l For 2000–2011, estimates are based on the 1993 System of National Accounts. For 2012 onward, estimates are based on the 2008 System of National Accounts.
- m For 2000–2007, data refer to transportation and storage; and information and communication.
- n For 2000–2007, combined with transportation and storage.
- o Refers to taxes on products (less subsidies).
- p Includes NPISHs final consumption.
- q For 2000–2008, data refer to transportation and storage; and information and communication.
- r For 2000–2008, combined with transportation and storage.
- s Data calculated based on the average annual de jure population size of the Republic of Armenia.
- t Refers to data based on "swap", a derivative contract through which two parties exchange liabilities. From 2014 onward, natural gas exports based on the swap scheme were not included in the energy balance reports of the Republic of Armenia.
- u Refers to depository corporations. Includes accounts of the central bank and commercial banks. For 2007 onward, also includes accounts of credit organizations.
- v Refers to currency outside depository corporations.
- w Includes residents' time deposits in AMD and all deposits in foreign currency.
- x Corresponds with broad money supply (M2X) by national definition.
- y Includes currency in circulation, demand and time deposits (in AMD and foreign currency) of resident nonfinancial corporations, households, nonprofit institutions, and other financial corporations.
- z Represents the difference between foreign assets in convertible currency and foreign liabilities in convertible currency and AMD.
- aa Refers to net claims on government sector.
- ab Includes nonfinancial corporations, households, and nonprofit institutions.
- ac Refers to other depository corporations' demand deposits (in AMD and foreign currency) included in the money supply.
- ad Refers to other depository corporations' time deposits (in AMD and foreign currency) included in the money supply.
- ae Refers to other depository corporations' claims on resident nonfinancial corporations, households, nonprofit institutions, and other financial institutions.
- af Refers to other depository corporations' net claims on the government; claims on resident nonfinancial corporations, households, nonprofit institutions, and other financial corporations.

Armenia

ag Refers to time deposits in AMD. The 6-month deposit rate refers to 91–180 days deposits, while a 12-month refers to 181 days–1 year deposits. Deposit rates are calculated as an arithmetic average of monthly rates.

ah For 2018 onward, details do not add up to total taxes due to differences conditioned by the return and set-off of tax overpayments occurring in previous years.

ai Compiled based on the IMF's Balance of Payments and International Investment Position Manual (sixth edition).

... = data not available; | = marks break in series; 0 or (-/+) 0.0 = magnitude is less than half of the unit employed; * = provisional, preliminary, estimate; AMD = dram; GDP = gross domestic product.

- a For 2000–2007, labor force covers the population aged 16 years and older. For 2008–2017, labor force covers the population aged 15–75 years. For 2018 onward, labor force covers the population aged 15–74 years.
- b For 2002–2007, estimates are recalculated based on the results of the Population Census 2001. For 2008–2013, data on employment and unemployment are based on the annual Household Integrated Living Conditions Survey. For 2014 onward, data are based on the annual Labor Force Survey. From 2018 onward, the concepts defined in the 19th International Conference of Labour Statisticians were adopted in the Labor Force Survey, and therefore these figures are not directly comparable with data in prior years.
- c Prior to 2010, data for economic activities are based on Nomenclature Statistique des Activités économiques dans la Communauté Européenne, Rev. 1. For 2010 onward, data are based on Nomenclature Statistique des Activités économiques dans la Communauté Européenne, Rev. 2.
- d Prior to 2008, based on officially registered unemployed only.
- e For 2000–2011, estimates are based on the 1993 System of National Accounts. For 2012 onward, estimates are based on the 2008 System of National Accounts.
- f Data calculated based on the average annual de jure population size of the Republic of Armenia.
