... = data not available; | = marks break in series; 0 or 0.0 = magnitude is less than half of the unit employed; - = magnitude equals zero; * = provisional, preliminary, estimate; \$ = United States dollars; cif = cost, insurance, and freight; fob = free on board; GDP = gross domestic product; GNI = gross national income; IMF = International Monetary Fund; km² = square kilometer; kWh = kilowatt-hour; L = liter; m³ = cubic meters; NPISHs = nonprofit institutions serving households; SDRs = special drawing rights; SUM = sum; t = metric ton.

- a Refers to the sum of employed and unemployed, where “unemployed” refers to those officially registered as unemployed at the end of the period, while “employed” is the average of the period.
- b Includes those employed in their own household and farm work, directly engaged in livestock raising, and production and sale of livestock products and other agricultural products.
- c For 2000–2010, includes mining and quarrying; electricity, gas, steam, and air-conditioning supply; water supply; sewerage, waste management, and remediation activities; and construction.
For 2011–2016, includes mining and quarrying; electricity, gas, steam, and air-conditioning supply; water supply; and sewerage, waste management, and remediation activities.
- d Includes wholesale and retail trade; repair of motor vehicles and motorcycles; accommodation and food service activities; transportation and storage, information, and communication; financial and insurance activities; and real estate activities.
- e Refers to officially registered as unemployed only at the end of the period.
- f The ratio of the economically active population to the working-age population.
- g For 2010 onwards, data are not comparable with data prior to 2010 due to a revision in methodology.

Uzbekistan

- h For 2014–2017, includes indirectly measured financial intermediation services.
- i For 2003 onward, includes financial and insurance activities; real estate activities; professional, scientific, and technical activities; administrative and support service activities; education; health and social work; arts, entertainment, and recreation activities; and other service activities.
- j Includes nonprofit institutions serving households.
- k Derived from the balance-of-payments data.
- l Prior to 2016, values were calculated based on the variable weights method. From 2016 onward, values were calculated based on the fixed weights method.
- m For 2003–2015, the calculation for the consumer price index includes weights in horticulture goods. The classification of individual consumption by purpose is derived using simple averages for those with further breakdown on classification or grouping.
- n Prior to 2006, petroleum fuels are included in the personal transport group. For 2006–2013, petroleum fuels are included in automobile fuels. For 2014 onward, automobile fuels include propane and methane.
- o Excludes cultural institution services.
- p Until 2016, the producer price index was determined by the structure of the national classification economy system (OKOHX). From 2017 onward, the national classification of economic activities (OKED-2) is based on the Statistical Classification of Economic Activities in the European Community (NACE Rev.2).
- q Weighted average interest rates on all time household deposits.
- r Refers to time deposits from 91 to 180 days.
- s Refers to time deposits from 181 to 365 days.
- t Prior to 2003, refers to net services only.
- u Refers to net transfers.
- v For 2003 onward, refers to capital transfers.
- w For 2003 onward, data include portfolio investment.
- x For 2003 onward, refers to net loans and capital and statistical discrepancy, and includes net error and omissions.
- y Refers to gross official reserves.
- z From 2002 until October 2003, dual exchange rates were in operation. Data show weighted averages of the official, bank, and parallel market rates.
