... = data not available; - = magnitude equals zero; 0 or 0.0 = magnitude is less than half of unit employed; | = marks break in series; * = provisional, preliminary, estimate; \$ = United States dollars; F\$ = Fiji dollars; GDP = gross domestic product; GNI = gross national income; IMF = International Monetary Fund; km² = square kilometer; kWh = kilowatt-hour; NPISHs = nonprofit institutions serving households; SDRs = special drawing rights; t = metric ton.

- a For 2017 and 2018, population growth rates are equal to 0.6, which is the compounded growth rate between two consecutive census years, 2007 and 2017. For 2019, population growth rate is calculated based on the available population projection data from Fiji's Bureau of Statistics official website.
- b For 2000–2011 and 2017–2018, the reported number of employed people excludes those who are engaged in unpaid employment as of the end of June. Hence, for these years, the number of employed and unemployed does not add up to the total labor force. For 2014 and 2016, data are not comparable with other years because these data include unpaid employment.
- c For 2005–2007, estimates were compiled using a different methodology and are not comparable with estimates prior to 2005. For 2008 onward, figures are at current basic prices.
- d Calculated before deduction of imputed bank service charges.
- e For 2000–2004, includes NPISHs.
- f For 2005–2007, refers to wholesale and retail; repair of motor vehicles and motorcycles; and personal and household goods.
- g For 2005–2007, refers to other community, social, and personal service activities.
- h For 2005, 2008, and 2011, growth rates were calculated from GDP series without breaks.
- i For 2000–2007, data are similar to gross value added at factor costs. For 2008 onward, data are similar to gross value added at basic prices.
- j Estimated as the difference between GDP by industrial origin at current market prices and final consumption expenditure.
- k Derived from balance-of-payments data.
- l For 2000, data are from the Monetary Survey, which follows an older format of presenting monetary and financial data. For 2001 onward, data are from the Depository Corporations Survey, which follows the IMF's standardized reporting format.
- m Defined as notes and coins issued less local currency held with commercial banks.
- n Refers to transferrable deposits.
- o Refers to total foreign assets of commercial banks, the Reserve Bank of Fiji (RBF), and central government less foreign liabilities of commercial banks and the RBF.
- p Refers to net claims on central government.
- q "Financial institutions" refers to official entities.
- r Includes RBF notes and bonds held outside of the banking system.
- s Refers to the sum of savings deposits and time deposits of all depository corporations.
- t Refers to the total values of outstanding lending of commercial banks.
- u For 2000–2004, follows the IMF's Balance of Payments Manual (fifth edition). For 2005 onward, follows the IMF's Balance of Payments and International Investment Position Manual (sixth edition).
- v For 2005 onward, data from the Fiji Bureau of Statistics provided in Fiji dollars were converted to United States dollars.
