... = data not available; | = marks break in series; - = magnitude equals zero; * = provisional, preliminary, estimate; 0 or 0.0 = magnitude is less than half of unit employed; \$ = United States dollars; cif = cost, insurance, and freight; fob = free on board; GDP = gross domestic product; GNI = gross national income; IMF = International Monetary Fund; km² = square kilometer; kWh = kilowatt-hour; NPISHs = nonprofit institutions serving households; SDRs = special drawing rights; tj = terajoule; TMT = Turkmen manats.

- a For 2000–2002, the labor force data series includes individuals that are not registered; hence, the sum of employed and unemployed is less than the total labor force. Also, the unemployment rate is underestimated because the counts of the unemployed are based only on registered individuals. For 2003 onward, data refer to International Labour Organization modelled estimates. These modelled estimates use and promote the use of the recommendations of the International Conference of Labour Statisticians. However, for countries where there are not enough data points based on the new standard, the employment definition following the recommendations is not yet implemented.
- b For 2000–2010, includes electricity, gas, steam, and air-conditioning supply; water supply; and sewerage, waste management, and remediation activities.
- c For 2000–2010, included in mining and quarrying.
- d Includes NPISHs.
- e Calculated as GDP less final consumption.
- f Includes quarrying.
- g Includes liquified natural gas.
- h Includes hydro and thermal sources.
- i Includes other deposits in national and foreign currencies, and shares and other equity.
- j Calculated based on new Turkmen manat introduced on 1 January 2009 at the rate of 5,000 old Turkmen manat to 1 new Turkmen manat.
- k Unweighted average deposit and lending rates for individuals (in local currency) in state commercial banks.
- l Significant off-budget expenditures occur through extrabudgetary funds and lending.
- m Compiled based on the IMF's Balance of Payments and International Investment Position Manual (sixth edition).
- n Excludes rescheduled amounts.
