... = data not available; * = provisional, preliminary, estimate, budget figure; – = magnitude equals zero; 0 or 0.0 = magnitude is less than half of unit employed; | = marks break in series; \$ = United States dollars; cif = cost, insurance, and freight; fob = free on board; GDP = gross domestic product; GNI = gross national income; IMF = International Monetary Fund; km² = square kilometer; kWh = kilowatt-hour; NPISHs = nonprofit institutions serving households; SDRs = special drawing rights; Som = som; t = metric ton.

- a Refers to the annual average number of permanent population. For 2000–2008, data were recalculated from the results of the Census of Population and Housing 2009.
- b Includes estimates of unregistered unemployed.
- c Derived as proportion of labor force to economically active and inactive population of working age. However, values for male and female labor force participation do not include estimates for unregistered unemployed persons, and are calculated as a proportion of employed and registered unemployed to economically active and inactive population of working age.
